

# **Art City Elementary School Community Council Meeting Agenda**

March 8, 2018

3:15 p.m.

Lisa Muirbrook, Shana Huffaker, Emily Jayme, Kim Larsen, Natalie Rasmussen, Amy Bolke, and  
Jordan Seely

1. Approval of minutes from previous meeting

2. Finalize Math Goal:

Math Goal: We think our students will do much better at math this year, so we are changing it to a 5% or more growth from the scores from last year. Our school has been involved in CMI (Comprehensive Math Instruction) math training this year.

3. Budget: We have enough money to hire one more technician for the 10:00 am-1:30 pm time next year. \$18,000 will cover that. We have \$4000 to add somewhere, so we are adding \$2300 to each of the equipment orders. We hope to use that money for more computers.

5. Items from Mrs. Muirbrook: We discussed what we are doing to make our school more safe for students and faculty. We have a screen to monitor the cameras that record movement within the school. We also have stanchions to help direct flow of traffic into the office area. We talked about our Stand Strong Program and our recognition of positive behaviors. We have been approved to get clear glass doors in the office, so that we have clear visual access to the front lobby.

6. Other items from council members:

Next Meeting: May 3rd
