Introductions and Welcome:

Review of last meeting: Approval of meeting minutes, Marie Lindsey motioned to approve minutes, Melissa Roundy seconded. All agreed.

1. School Safety and Digital Citizenship
Sheriece Farr in Computers, teachers in the classroom, emergency drills, Lock out drill this morning. Explanation of different types of drills.
2. Safe Walk Route Art City's safe walking route has not changed in the last couple of years because we don't have a lot of changes to our boundaries as far as building, etc. goes. Lisa also brought up the fact that she has asked the city to pay someone to cover the crosswalk at the corner of 200 N and 900 E, because we provide that right now.
3. Goal #1 Purchased 4 new smart boards to replace our promethean boards that are not working in classrooms. Team leaders are studying a book on Tier 1 instruction. The hope is that they take these back to their teams and teach them what they have learned. Kindergartners were given a packet at SEP's to help teach parents what they need to do to facilitate learning for their children at home to help them. This might be an idea we want to use for other grades. An idea might be to create a list for parents at the SEP's for February with ideas they can do at home. Lisa then went over what we use funds for to complete this goal, substitutes for SST's, tutors, etc.

4. Items from Mrs. Muirbrook: Lisa mentioned that she has been really happy with Lisa Gervais teaching art along with music. It was also mentioned again that the new front entry way and lobby are a great thing for Art City.

5. Other items from council members
Discussed Keyboarding concerns and students progress
